

MED 500 B / Lecture 0: Course Overview

What it is, where it comes from, and the one thing we ask in return.

Anderson Academy · garyanderson@mail.grokbot.com · X: @garyanderson

¶ 0.1

[Undergraduate Library] → Course Zero: PHIL 100 B

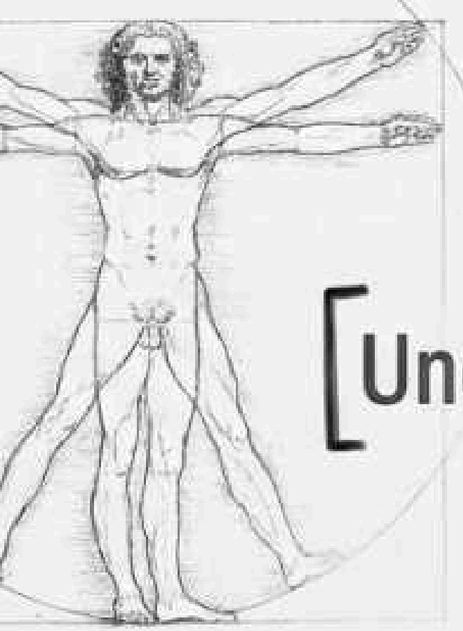

↓

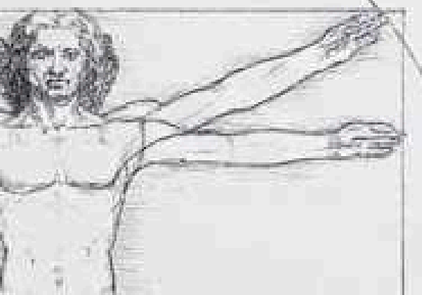

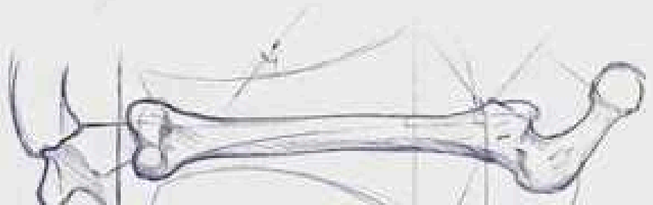

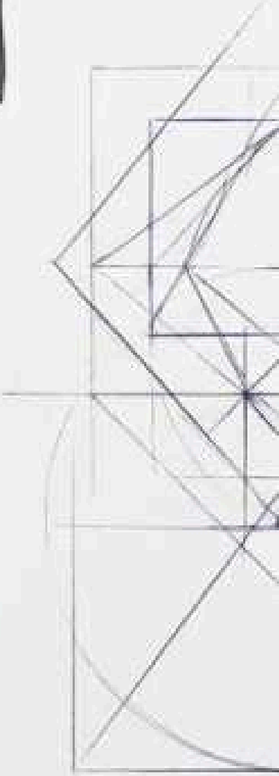

[Postgraduate Groups] → Medical School

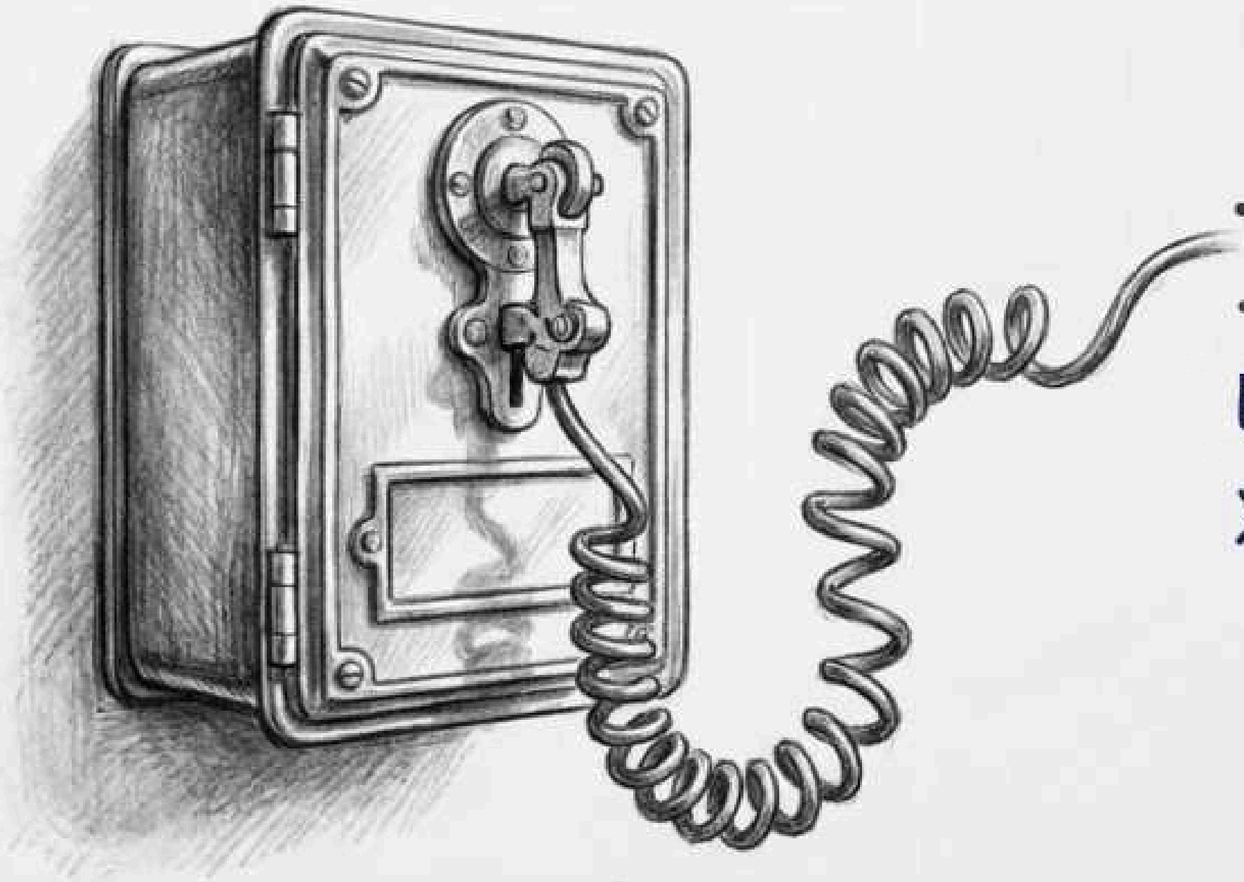

Course Zero: MED 500 B

How to Use the Medical School Courses

Explains:
| What the courses are
| Where they come from
| Physician training
| Study mechanics

The Help Desk

Questions or feedback about this course are welcome.

¶ 0.3

$\sum$ (Medical School Courses) $\neq$ Doctor $\neq$ = Opportunity

$\neq$ Diagnose
$\neq$ Treat
$\neq$ Medical Training

Learning in the exact order and manner as physician training.

[Lecture 1 explains this difference carefully—everything else depends on it.]

¶ 0.4

$$5\text{min (Overview)} + \sum(6 \text{ Short Lectures}) \approx 1 \text{ Hour}$$

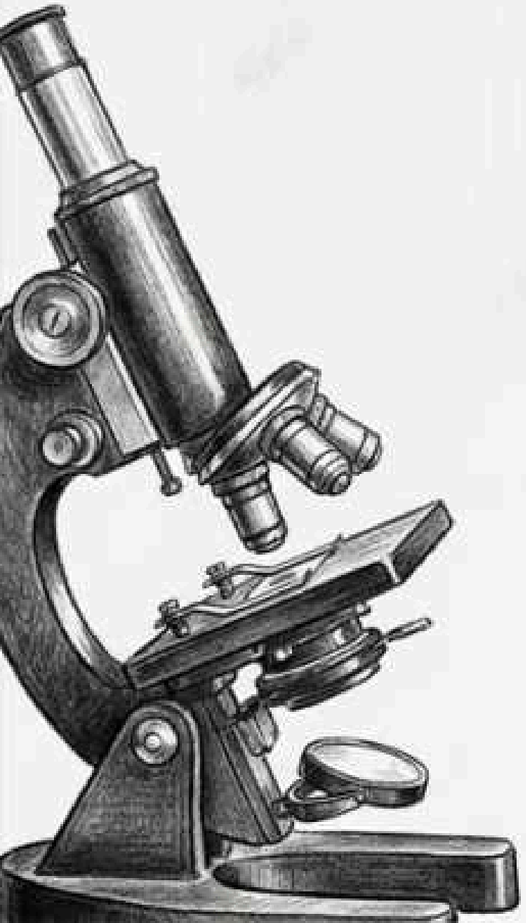

MED → [Department: Medicine]
500 → [Level]
B → [Format: Brief]

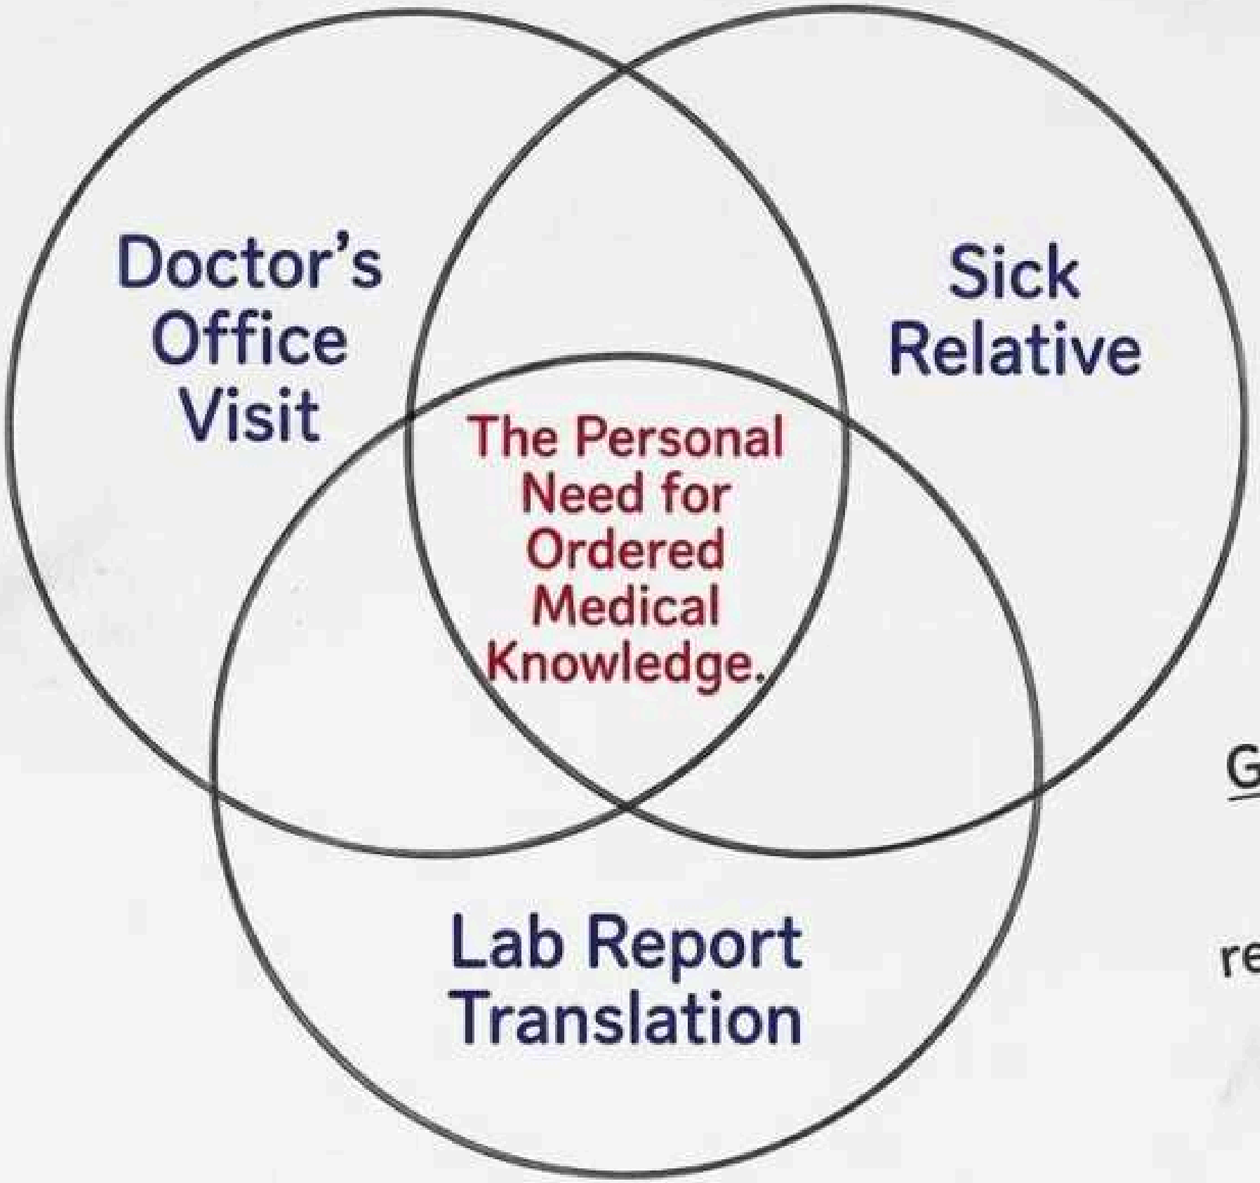

→ Next Course: MED 501 B
(Human Functional Anatomy)

¶0.5

1. Lec 1: Definition → What they are and are not.
2. Lec 2: Origins → Joint Harvard/MIT medical program & MIT open course materials.
3. Lec 3: Timeline → First year of med school to Medical License.
4. Lec 4: Library Tour → Years, courses, and prerequisites.
5. Lec 5: Praxis → Practical guide to studying like medical students.
6. Lec 6: Application → Using knowledge wisely in life and doctor conversations.

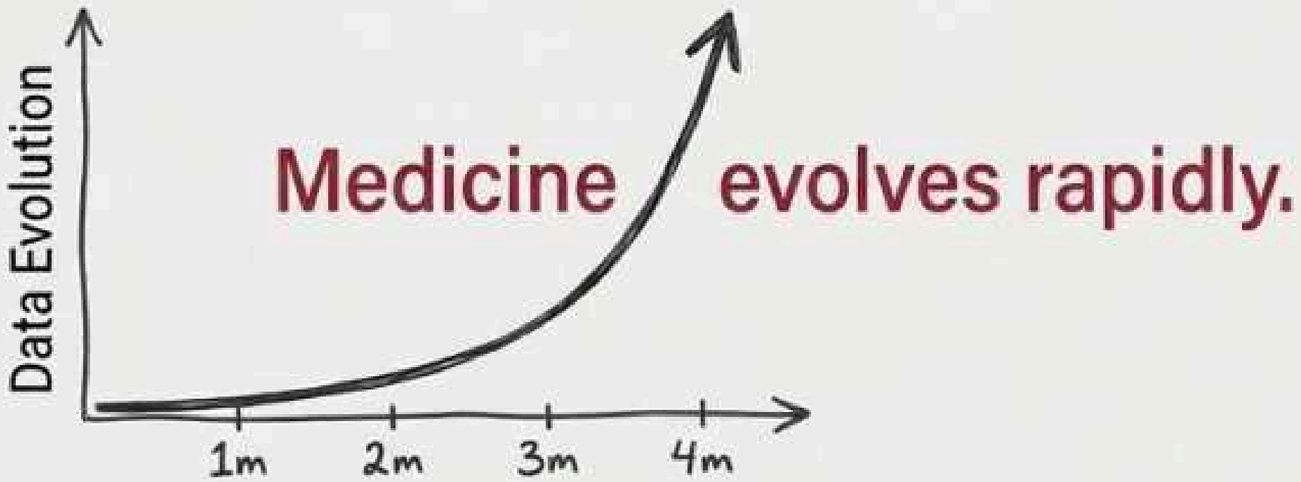

Gary Anderson's goal:
Make ordered knowledge easy to reach for anyone curious enough to study it.

The Creation Engine

AI Generation × **Human Direction (Gary)** = **Brief Introductions**

A starting point for the first hour of a subject. Not the last word.

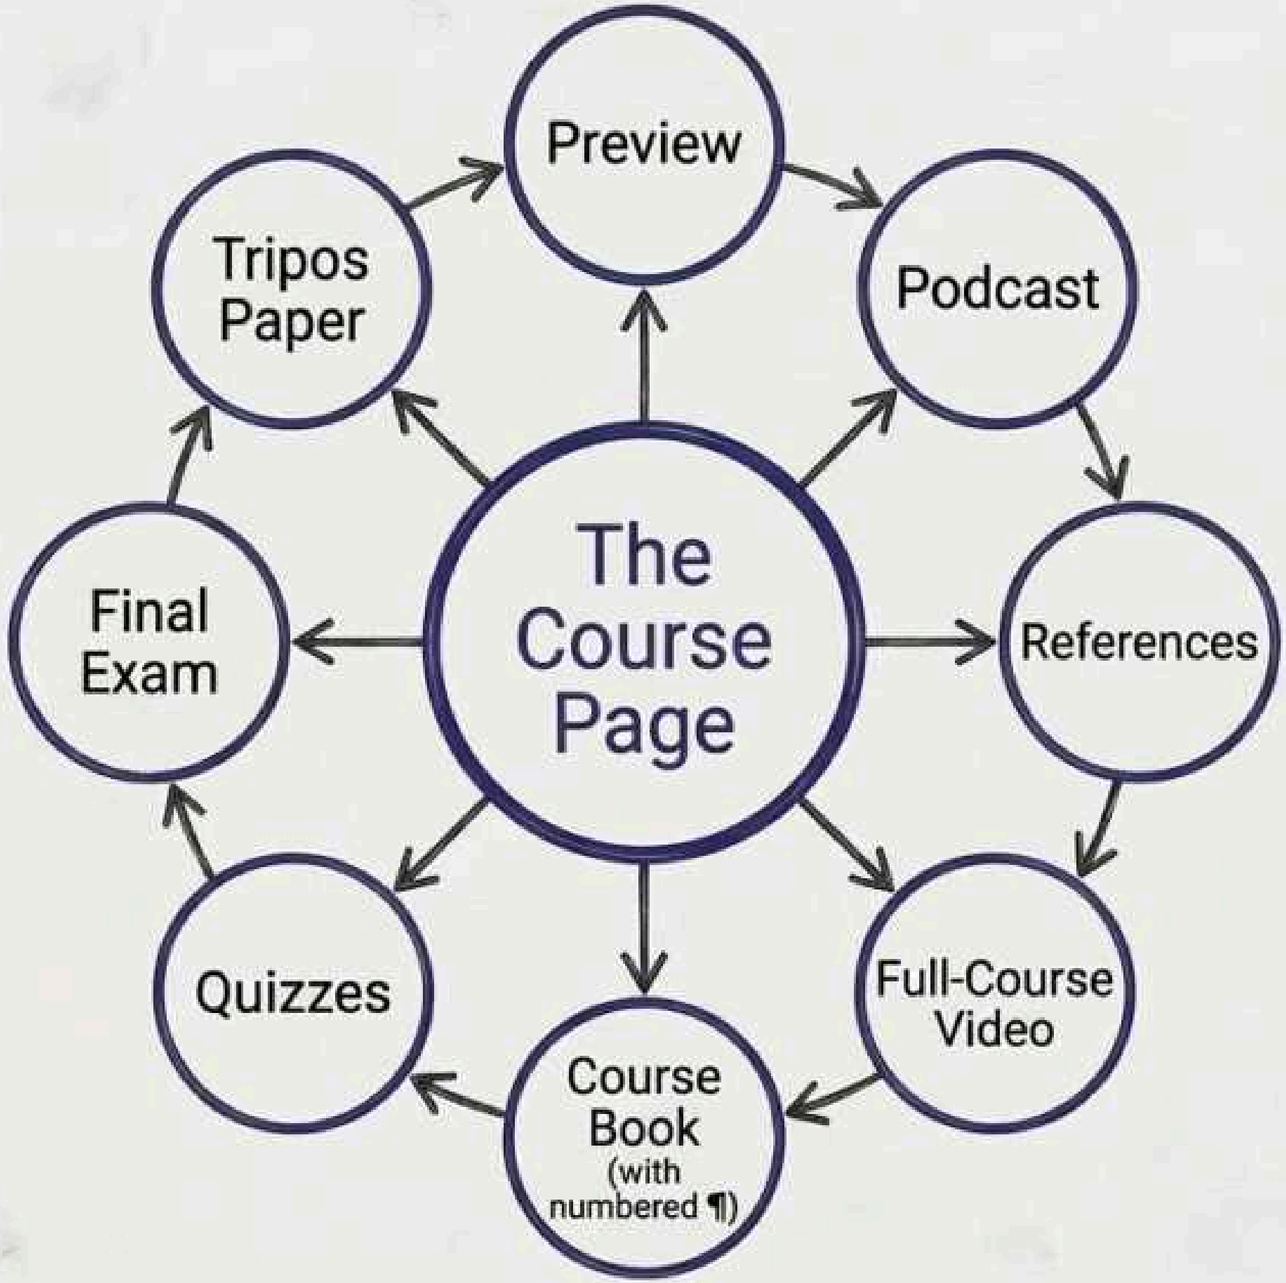

The Volatility Caveat

Rapid expential line graph.

∴ If a fact matters to your health, verify with qualified professionals and current sources.
